Anti-Fog Lens  
Neoprene Strap

### DIRECT VENT

For applications where more ventilation is required remove the vent caps for a free flow of air within the body of the goggle.

### INDIRECT VENT

Leave the vent caps in place as supplied for unsurpassed resistance against chemical splash.

# CAPSTONE® 600 SERIES

**H<sub>2</sub>X** Lens  
Technology

- Modern co-material goggle provides superior protection against dust entry and chemical splash.
- Indirect ventilation system frame prevents fogging by providing a sufficient outlet for body heat.
- H2X anti-fog technology allows lenses to remain unaffected 15 times longer than other anti-fog treatments. The new coating will withstand weather and temperature environments where humid or cold conditions cause eyewear to fog.

Thermoplastic (TPE) body is flexible and contours to the user's face.

- ANSI Z87.1+ High Impact Standards
  - Meets MCEPS Class 2
- CAN/CSA Z94.3-07 Certified\*
- CE EN166 Certified\*

Soft frame body with pliable facial contours and universal nose bridge forms a custom fit.

First class optical polycarbonate lens with impact resistance against flying particles.

## G604T2

Chemical Splash  
Goggle with Clear
