

## SPECIAL FEATURES

- The most modern safety goggle with the best protection against dust entry & chemical spray
- Dual lens is for the ultimate in anti-fog performance. The double lens structure provides the isolation of the temperature difference inside & outside of the goggle, hence perfectly resists the fogging.
- It's ideal when you are using your goggle for long periods of time. The thermal system provides anti-fog protection even in the worst weather conditions.
- Optically correct polycarbonate lens with impact resistance against flying particles
- Polycarbonate lenses filter out more than 99.9% of harmful UV radiation
- Soft TPU or PVC frame body with pliable facial contours and universal bridge for a close fit
- Indirect ventilation system provides sufficient airflow for body heat outlet
- RX insert frame for fitting with prescription glasses available
- Fully adjustable elastic band

## GENERAL SPECIFICATIONS

Lens thickness: 2.1mm  
 Lens Base: 5.5 curve  
 Lens size diagonal: 139mm  
 Bridge: 33.5mm  
 Overall Width: 136 mm  
 Strap Length: 500mm

PD: 68mm  
 Weight: 80gm  
 Lens size vertical: 63.5mm  
 Overall length (lens-tip): 87mm  
 Closest point between lens: n/a  
 Closest point between strap holding parts: 173mm
