

uvex tomcat™

The Top Gun of Protective Eyewear!

Looking for something new and attractive in metal frame protective eyewear? Then take a look at the **uvex tomcat™**; powerfully stylish protective eyewear with a tight-wrap dual lens design.

uvex tomcat has impact-resistant polycarbonate lenses that absorb greater than 99% of harmful UVA and UVB rays. The optically corrected 10-base lens design creates the popular "wrap" styling for eye socket protection and ensures optimal

visual performance without compromising the optical quality of the lens. For all-day comfort and a great fit, the **uvex tomcat** has adjustable saddle nose pads and soft, flexible temple grips.

uvex tomcat is available in an eye-catching "gunmetal" frame that is lightweight and durable. Lenses are equally durable with a protective hardcoat to minimize scratching, and are available in an assortment of tints.

uvex tomcat...the top gun in safety eyewear. So sleek and stylish, you'll give it a "thumbs up" too.

uvex®
Beats Everything in Sight
